

APOORVA M S

COMPUTER SCIENCE AND ENGINEERING STUDENT

PROFILE

Enthusiastic Computer Science engineering student with a solid foundation in C, Python, and Java, along with hands-on experience in developing academic projects. Passionate about problem-solving and learning modern technologies, with a strong ability to adapt and collaborate effectively in team environments. Seeking opportunities to apply technical skills and contribute to innovative solutions, while continuously enhancing knowledge and growing as a software professional.

PROFESSIONAL EXPERIENCE

ACADEMIC PROJECTS

AI Diabetes Assessment Tool

- Developed ML model (Random Forest) for diabetes prediction (~94% accuracy)
- Built Streamlit web app with risk analysis, diet, and basic health insights

Travel Booking System

- Built web-based system using Flask & MySQL for booking management
- Designed database schema and simple frontend interface

Online Examination System

- Created documentation with requirements, use cases, and system flow
- Understood basic software design and analysis concepts

SKILLS

- Technical Skills: C, Java, Python | HTML, CSS, JavaScript | MySQL
- Core Knowledge: Data Structures and Algorithms | DBMS | Operating Systems | Computer Networks
- Soft Skills: Problem-solving | Teamwork | Communication | Time Management
- Additional Skills: Event Coordination | Stage Performance | Creativity

Extracurricular Activities

- Bharatanatyam (Pre-Vidwat Certified) | Extensive training with stage performance experience in cultural events
- Theatre/Dance-drama | Participation in stage performances and expressive arts
- Cultural Activities | Active involvement in event participation and coordination
